It looks like there was never a PR processed for the \$40k.

I'm not sure who has been doing this, if you haven't. Maybe Anabel has been doing them. Can you check with her?

Michelle,

Mary's cost tracking report as of July 1st had the following for SERAS:

ERT (SERAS)

<i>DEMOBOLIZED:</i>	6/29/16
<i>Ceiling:</i>	\$40,000.00
<i>Total Costs:</i>	\$14,187.75
<i>Daily Burn Rate:</i>	\$ 1,013.25
<i>Remaining Balance:</i>	\$25,812.25

Pete is out today and Barbara is out of the office until Wednesday. I'm "green" regarding SERAS but I can try my best to assist with it. Was the above never obligated or you need extra funds?

Pete and Ramon,

It appears that there was never a PR to SERAS for Fruitland. Can someone assist with having a PR for \$40k processed to SERAS for the Fruitland Magnesium Fire?

Thanks,

Michelle

I think with Barbara Lee's help, we can get it done. Sorry meant to say that in my message. Can I get back to you with the details by the end of the week?

Hi Joann – I did some research, and from what I could tell an PR was not done for SERAS contract. I did not hear from Rob Wise, but we did check the system and nothing came up.

Thank You,

Has a PR to put funds into the SERAS contract for the Fruitland Magnesium Fire response been submitted?
